SUBJECT: CPA – Certified Soil Testing Laboratories List

FILE CODE: 180-0

TO: NRCS Offices

This memo is to inform NRCS offices of the approved soil testing laboratory list maintained by Purdue University. The laboratory list can be found at the following website:

http://www.agry.purdue.edu/ext/Soil_Labs.html

As a reminder, laboratories on this list have completed certification requirements and are the only labs authorized to complete soil test analysis for technical assistance. This includes all soil testing for waste utilization and nutrient management, pasture and hayland management and other agronomic activities associated with conservation programs. Laboratories interested in obtaining certification should contact Dr. Sylvie Brouder at the Purdue University Department of Agronomy.

If you have any questions concerning the laboratory list and/or their use in Programs, please contact Eric Banks at 317-290-3200, extension 311 or Tony Bailey at extension 345.
